Meet Nanoleaf Skylight

Take Your Lighting to New Heights

Nanoleaf Skylight Smart Modular Ceiling Light Panels break away from traditional ceiling light solutions and uniquely blend functional everyday lighting with creativity and personal expression. Nanoleaf Skylight features diffused multi-point lighting to create an open-air "sky" experience that will transform the feeling of your living spaces.

Hard-wire one square and then connect up to 100 additional squares to create unique designs and extend your lighting to hard to reach spaces. Enjoy bright functional white lighting, as well as 16M+ RGB colors. Easily customize your lighting for different activities and occasions with built-in Nanoleaf smart features.

What Makes Skylight Special?

Modular Ceiling Light
Create your very own ceiling fixture design with the modular light panels. Even extend your lighting into areas that were previously impossible to reach, with up to 100 panels per layout.

An Open Air "Sky" Feel
Skylight replicates the beauty of nature, creating an expansive natural sky feeling inside your home to instantly refresh your space.

Set the Mood
Get the perfect lighting for each moment, from boosting productivity to a cozy night in with family. Paint your space with included lighting Scenes like "Mountain Air" or "Gentle Rain."

Bright Whites & Rich Colors
Illuminate your space with crisp white lighting for everyday (each light panel is 1400 lumens) or choose from over 16M vibrant hues for different activities and special occasions.

Wake Up Naturally
Specially designed Scenes mimic the natural sky. Set Morning/Bedtime routines with Skylight and wake up to a gentle sunrise in the morning, and watch as a glimmering sky effect eases you to sleep at night.

See Music Come to Life
Sync up your lights with your favorite playlists with the built-in Rhythm Music Visualizer. Create the right ambience for parties, get togethers, or just hanging out.
Magic Scenes
Type in any word and watch as a Scene magically plays. Instantly transport yourself to your favorite locales and scenes.

App, Voice & Manual Control
Control with the Nanoleaf App or your preferred Smart Home ecosystem (for full customizations) or with a regular light switch.

Skylight Experiences

Refresh Your Space
Replicate the invigorating beauty of an open-air "sky" experience in any room, of any size. It's important to keep our homes feeling open and refreshed to take care of our mental and physical health.

Wake Up Naturally
Create the optimal Morning/Bedtime routines with the Schedules feature. Wake up to a gentle sunrise and fall asleep under a glimmering star effect. You'lll feel as though you've peered right through your ceiling and straight into the open sky above.
Set the Mood
Enhance every moment with colorful animated Scenes that set the perfect ambience. From boosting productivity with bright natural lighting, to spending evenings with your friends under the twilight sky, you can completely curate the feeling of your home with a single touch.
Secure Your Home
Set a Schedule to automatically turn Skylight on and off in the mornings and evenings to keep your home safe while away. You can even control the lights remotely from your device for an added security measure.
